TWO NEW HOMES UNDER WAY AT ADOBE VILLAGE

EXPANSION AT PACIFIC STATES STEEL WILL BRING NO ADVANCE IN LOT PRICES

A cause for frequent comment by Southern Alameda County people these days is the rapidly changing "skyline" at "Old Adobe Village", this district's garden and home-orchard residential center. Both in number and in the quality of the development, the beautiful homes in the tract are attracting more than local interest. The semi-annnual "Plan Book", as well as two recent monthly issues of the Pacific Coast's largest magazine devoted to home planning, "Housing", have featured various individual homes at "Old Adobe Village" as outstanding examples of excellent suburban home design at reasonable cost. Special note is made by "Housing's" editors of the spacious home surroundings and the opportunities for outdoor living, accentuated by the California Nursery Company's experienced assistance supplied to every home-site buyer without additional charge.

Additional building activity will start within the next few days, when actual construction commences on two new homes. The two owners are Walter Clark and Russell Ross. Within the next week it is expected that arrangements will be completed for still another two homes, according to George C. Roeding Jr., President of the California Nursery Company, owners and subdividers.

—No Price Raise

Although the increase in the number of owner-occupied homes, together with the recent announcement of expansion plans by the steel plant which will call for larger payrolls and the influx of new families will serve to raise the value of homesites at "Old Adobe Village", no increase in prices is under consideration at this time, Mr. Roeding states.

During late May, Mr. and Mrs. Don D'Amico purchased and moved into the former "Rotary Club Model Home". As displayed, complete with furnishings by Breuner's and with a "family orchard" of carefully selected fruits for table use, hundreds of families were able to see an actual demonstration showing how much "livability" is now available on rent-size F. H. A. monthly payments.

A feature mentioned by many visitors to this home was the fact that although the property through out the development has the advantage of being level, it is so situated that owners receive the bene fit of a sweeping view of the surrounding hills and Mission Peak. Architects have suggested that plans include at least one window arranged to frame this feature.

—Near to Cities

"Old Adobe Village" is located one quarter mile west of the Nursery grounds, on the Niles-Decoto-Alvarado highway. It is but two minutes drive from the center of Niles, and only ten minutes from Hayward. The wide, paved avenues, flanked by a well arranged planting of walnut trees give this home center an ideal system of arteries, made doubly attractive by a gently sweeping curve of line.

Every lot is adequately drained, and many, like the site of the Rotary Club Home, include a planting of fruit trees now in place. Street work and all the essential utilities of electricity, gas, water, and telephone connections are included in the price of the homesites. Spacious half-acre sites are available at six hundred dollars, and quarter acre units at three hundred fifty dollars. Property values are well protected by sensible restrictions, and the entire development is fully approved for low-cost, long-term F.H.A. Loans.

AWARDS PRESENTED

DECOTO — Prior to commencement exercises held at the Decoto Grammar school last week Principal L. W. Musick presented 300 service awards to the 105 students here. Of the total number of awards 105 were for intramural events, 50 for civic duties, 28 for orchestra participation, 59 for glee clubs, 18 for traffic patrol work and 16 for outstanding scholarship attainments.

U. S. O. DRIVE NOW UNDER WAY IN THIS TOWNSHIP

The drive for funds for the United Service Organization in Washington Township is going ahead at present. Centerville has a quota of $325 to raise, with Howard White, chairman, assisted by M. P. Mathiesen, Captain T. Oaks, Judge Allen G. Norris, W. M. Lewis and Fred Rogers.

Niles has about $400 to raise with Robert Blacow chairman, assisted by E. F. Glassbrook, Ray Peterson, Mrs. J. R. Whipple, and Vernon Ellsworth, E. D. Bristow and Ed Enos.

The Irvington committee consists of Carl Christensen, chairman; Jack Prouty, Tom Berge, Robert S. Mayock, J. R. Silveria, H. W. Weber, Edward L. Rose, H. Wayne Day, Al C. Monese, Vernon Leal, George E. Scammon, Dr. E. Matt Whitfield of Mission San Jose is also a member of this committee.

Contributions in any denomination will be received by committee-members, who will issue the donor a celluloid button and a receipt. The drive ends on July 3. Voluntary contributions to these committee workers are greatly appreciated.

The funds are to be used to equip 360 recreation centers located in or near army and navy posts throughout the nation, and will provide recreation facilities for the men in service.

Accepting their share of the spiritual responsibility to men at arms in the service of their country and defense workers in areas without welfare and recreational facilities, prominent labor leaders of Alameda and Contra Costa counties called upon workers to shoulder their burden in the campaign to raise funds for USO by supporting the movement.

Labor leaders appointed to serve on the committee were Guy Silverthorn, secretary of the Alameda County Central Labor Council as chairman, James H. Quinn, president of Alameda County Building Trades, Charles Real, secretary-treasurer, Teamsters Union, James Suffridge, secretary Retail Food Clerks Union of Alameda County.

During the 30-day drive of Alameda-Contra Costa counties, citizens will be asked to contribute $101,000 as their quota towards the national USO campaign of $11,000,000, sought in every community in the United States.

Crocheted Sailor Important Fashion

CROCHET has taken the fashion world by storm, this year, and this traditional American needlework is being used in many different ways by the most fashionable dressmakers and milliners. The all-crocheted sailor is making important fashion news, and here is one which you can crochet for yourself. Make it in lustrous mercerized crochet cotton in a color to dramatize your daytime wardrobe. Fashion accessories, such as this, will have an important place in the judging of the Nation-Wide Crochet Contest, this Fall, when America's outstanding crocheters will be selected by foremost needlework authorities. Directions for making this hat and details of the Contest may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. 111.

TOWNSHIP SCOUTS ENJOYING WEEK OF CAMPING IN SIERRA

DIMOND-T CAMP — Fourty-four Washington Township Boy Scouts and their leaders arrived here Saturday by Scout bus to enjoy a week of camping out in their new camp here, adjoining Dimond O, the permanent summer camp.

Scouts are here this week from troops from Niles, Centerville, Decoto and Irvington. They cook their own breakfasts and lunches and enjoy their dinners in the big mess hall at Dimond O camp nearby. Afternoon swimming parties in the big pool on the Tuolumne river high-light each day.

The weather here is warmer and balmier than it has been in Washington Township.

Dimond O Camp, the high Sierra campsite of the Oakland Area Council will operate for three 14 days sessions this year according to Howard D. Ainsworth, chairman of the camping and activities committee. W. T. Lindsay will direct the mountain camp which opens for the first session next Saturday. The second period will open on July 5 and the third session begins on July 19, Lindsay said.

A full time staff of trained leaders has been recruited to operate the mountain camp which is acclaimed by camping officials as one of the finest in the country. The camp was formerly the site of a lumber mill, located at an elevation of 4500 feet in the Stainslaus National Forest just outside of Yosemite National Park boundary. Swimming is available on the middle fork of the Tuolumne River and is one of the most popular events of the camp program.

DANCE TO OPEN GARDEN OF ALLAH

The Garden of Allah ballroom, on the highway near Niles, will be opened this Saturday night with a big dance under new management. Music will be furnished by Larry Sylva, his singing trombone and orchestra, featuring the Rhythmettes. Certain awards will be made and the public is invited to attend and enjoy themselves.

There will be dancing in the ballroom every Saturday night, according to the new manager, Horace Haley of Oakland.

AUXILIARY TO BE GUESTS OF LEGION POST

(Special to the Register)

The Women's Auxiliary of the Washington Township Post, American Legion will be entertained by the men at their annual get-together next Wednesday night in Memorial hall at Niles.

The Sons Squadron baseball team is still taking the measure of all comers, Manager Manuel Brazil reported at last Wednesday night's meeting of the Township Post. A week ago Sunday they defeated the San Leandro boys, and last Sunday crossed bats with the boys of Bar-le-Duc Post on the high school grounds during the afternoon.

Other games scheduled are Saturday, June 21 at Centerville, Alameda team; Saturday, June 28, Bill Irwin Post at Oakland auditorium; Sunday, June 29, Berkeley Squadron at San Pablo. Leonard Bettencourt is coach for the Township Sons' ball team.

Upon request of the board of supervisors the incumbent board of building commissioners, consisting of John Dutra, chairman, E. D. Bristow, Marsten Dassel and Frank Veit, secretary, were renominated for another term by the Post.

It was unanimously voted to discontinue the Sea Scout troop here, as it has been inactive for more than eight months, due to lack of interest.

California radio stations carrying the NYA program will be KGO, San Francisco.

NATIVE SONS TEAM DOWNS OCCIDENTAL TO RETAIN LEAD

NO SOFTBALL GAMES FROM JUNE 30 TO JULY 7 ACCOUNT HOLIDAYS

On Monday evening, W. O. W. went on a hitting spree to defeat Wedgewood of Newark by a score of 11 to 7. Maddix was the winning pitcher. In the second game Native Sons won their seventh straight game by scoring an easy win, 6 to 1 over Occidental. Tony Ornellas was the winning pitcher. This game was nip and tuck up to the 6th inning when the Native Sons were leading by a score of 2 to 1, but in the 6th and 7th Native Sons were able to bunch a couple of hits plus a comedy of errors made by Occidental.

The Softball league is now going strong in its fourth week of play at the High school, after a week of rest on account of recent high school activities.

The officers of the Softball Association once again would like to remind softball fans throughout Washington Township that the association is non-profit and is being operated for the enjoyment of the softball fans in this vicinity, for the enjoyment and exercise of the players, and operates from a small paid admission fee received from the fans. This fee covers such expenses as lighting up the ball-park each night, and for improvements that have been made.

—Improve Loudspeaker

As fans may have noticed, most of the improvements at the grounds have already been completed. A roof is now being put on the grandstand to protect the fans from the cold winds. The postal telegraph electric clock has been installed for several weeks on the hot dog stand. The fans are glad to be able to hear the announcer this year both in the grandstand and in their cars, as two new horns have been added to the loud speaker system to increase the volume of tone.

Word was received here last week that the Decoto Boosters, the cellar team in the league, should start winning games now as they have disposed of their old jerseys. The manager, Mr. Justus of Decoto has furnished his club with new white and blue sweaters.

No softball games will be played during the week of June 30 to July 4 inclusive on account of the number of players of various clubs leaving for the July 4 holidays, but play will resume Monday evening July 7.

Next weeks schedule of play follows:

Monday evening at 7:30 Kraftile vs. Wedgewood; at 8:45 Co. Employees vs. W. O. W.

Tuesday evening at 7:30 K. of C. vs. Silver Dollar; at 8:45 Native Sons vs. Decoto Boosters.

Wednesday evening at 7:30 Wedgewood vs. Westvaco, both Newark clubs; at 8:45 Occidental vs. Central Chevrolet.

Thursday evening at 7:30 Co. Employees vs. Kraftile; at 8:45 Decoto Booster's vs. W. O. W.

Friday evening, at 7:30 Silver Dollar vs. Westvaco; at 8:45 Occidental vs. K. of C.

The tenth anniversary party of the Women's Auxiliary of the American Legion was held Tuesday evening in the Veterans Memorial building at Niles with Mrs. Nell Myers presiding. Refreshments were served.

ENTRY LISTS NOW BEING MADE UP FOR COUNTY FAIR

80 PAGE PREMIUM BOOK NOW AVAILABLE FOR EXHIBITORS; SEND FOR COPY

PLEASANTON — Exhibitors at the Alameda County Fair, to be presented at Pleasanton July 3 to 12, will compete for more than 2,500 prizes, according to the premium list compiled by Ernest W. Schween, secretary of the Fair Association, and now ready for distribution.

Approximately a third of the prizes offered are in the livestock classes, but hundreds of additional awards will be made for agriculture, horticulture, floriculture, home economics, poultry, and wine, together with special departments for Future Farmers and 4-H Club members.

Declaring that early entries are far in excess of last year's record-breaking show, Schween urged prospective exhibitors to file entries immediately. Livestock exhibits, which already threaten to overtax capacity of the new $11,000 exhibit buildings, must be filed by Saturday, June 21. Entries in agriculture, horticulture, floriculture, home economics, poultry, will close June 28. Horses may be entered in display classes until June 30, and entries for the horse shows will be accepted up to July 3.

Amateur flower growers will compete in ten classes, while professionals have one group, for major displays.

Attracting particular interest among women are the Home Economics groups, with 42 types of handiwork, 53 kinds of canned fruits and vegetables, and 37 kinds of bread, cake, and pastry listed for awards.

Extensive groups are provided for poultry, including both chickens and ducks, and for pigeons and rabbits. Wine displays form a separate section. Horse shows, to be presented June 11 and 12, will have programs made up from a schedule of 22 events.

Future Farmers will stage fitting and showing exhibitions for special awards, in addition to their livestock and poultry classes. Four H club members also will compete in livestock and poultry groups, and also have special classes for clothing exhibits.

Prospective exhibitors are urged to contact Schween immediately at his Pleasanton office, where full information and entry blanks are available.

SAILOR GOING EAST

IRVINGTON—John W. Samuelson, pharmacist mate first class with the United States Navy, expects to leave here Friday to be a physio-therapist at the U. S. Naval hospital in Philadelphia, Pa. He is visiting his mother, Mrs. D. Samuelson this week, Mr. Samuelson is a guest of Mrs. Harry T. Cushing here. Samuelson, formerly a masseur at the Olympic Club in San Francisco, has been transferred from the U. S. Naval Hospital at Mare Island. On the way east he plans to visit friends in Stirling Colorado and Omaha, Nebraska.

NEWARK'S U. S. O. COMMITTEE NOW DRIVING AHEAD

NEWARK — Newark's share in the United Service Organization drive was set at approximately $300 and a committee has been formed to canvass the community.

The purpose of the United Service Organization or U. S. O. is to raise a definite sum of money to serve the men of the military camps throughout the country for recreational purposes. As Father McLaughlin, pastor of the St. Edward's Catholic Church stated last Sunday at mass, "the boys at camp who are far away from home should be provided with decent recreation activities, and not let them roam around in a strange city or town."

Postmaster Julia Ruschin has been appointed as general chairman with the following committee assisting her: Sam Scott, Father McLaughlin, Mrs. Lena Bertolotti, Dick Jolly, Mrs. George May, and the Rev. J. L. Webster, and many others.

On Monday evening the committee met with Miss Ruschin, and plans were made for Don M. Leidig, a Legion officer and a member of the City Council at Hayward, also Hayward Chairman of U. S. O. together with other county officers to canvass the Wedgewood Stove Factory today. The Salt Companies and Westvaco Plant will be canvassed next week together with the homes of the community. The merchants of Newark were canvassed Monday, and the response from them was very good.

Contributions for this drive may be made at the postoffice or to any member of the committee.

STATE'S DEFICIT DROPS 17¼ MILLION BELOW LAST YEAR

SACRAMENTO — State Controller Harry B. Riley announced today that California is in the best financial condition in nearly two years.

Less money is being spent for unemployment relief; the sales tax is yielding an unprecedented return; and income is exceeding expenditures.

The general fund cash deficiency dropped to $53,872,035 on May 31, the lowest since September, 1939 Riley said. The figure is $17,341,474 lower than a year ago.

Revenues in the first eleven months of this fiscal year were $19,588,779 greater than in the like period last year; and expenditures were $23,683,311 less, the Controller revealed.

Major factor in the favorable trend was a $24,978,995 decrease in expenditures for unemployment relief together with a $14,495,041 increase in sales tax revenue.

More than 33,000 placements were made by the State Department of Employment during April, amounting to 62 per cent more than in April last year, and 17 per cent more than in March.

A nursery for production of seedlings of guayle, the rubber substitute, has been established on the Davis campus of the University of California.

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches, branches of The Mother Church The First Church of Christ Scientist, in Boston, Mass., a Lesson-Sermon was read Sunday, June 15, on the subject "God the Preserver of Man."

The Golden Text was: "The eternal God is thy refuge, and underneath are the everlasting arms" (Deut. 33: 27). Bible selections included the following passage from Psalms 91: 1, 2: "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust."

Passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, were also included, which read as follows: "The divine Mind that made man maintains His own image and likeness . . . All that really exists is the divine Mind and its idea, and in this Mind the entire being is found harmonious and eternal . . . Keep in mind the verity of being, —that man is the image and likeness of God, in whom all being is painless and permanent" (pp. 151, 414).

Reverend J. L. Webster of the Newark Presbyterian church and Reverend R. C. Day of the Niles Congregational churches are exchanging pulpits this Sunday morning.

NINETEEN PUPILS GRADUATE FROM NEWARK SCHOOL

NEWARK — The audience at the Newark School graduation exercises last Friday evening was well pleased with the patriotic program performed for them before the distribution of the nineteen diplomas. The patriotic program consisted of the salute to the flag by the graduates and the audience; individual graduates made their own interpretations of the salute; the eighth grade also made interpretations regarding the Constitution of the United States, and the Bill of Rights found in the first ten amendments, and Carl Pierce recited an original poem, "I Am Glad to Be An American," which was very interesting.

The school orchestra played three selections and the graduates sang their class song, which was composed by Patricia Rose Costa in 1938.

The graduates were dressed in sport clothes, and after the exercises they were congratulated in the school volleyball court. Shirley Costa, class president, made a few patriotic remarks. Jack MacGregor, principal made a few remarks telling of the recent trip that the eighth grade class took to the State Capitol at Sacramento.

Due to the absence of the main speaker, Mr. Edgar Muller, County Superintendent of Schools, Fred Muller, a member of the board of trustees, made a short inspiring talk to the graduates, in regard to the continuation of their schooling. M. M. Silva, clerk of the board appointed Mr. Muller to distribute the diplomas to the following graduates:

Mary Chieng, Lucille Peixote, Tatsue Hanamoto, Marie Silva, Shirley Costa, Betty Brown, Yvonne Tremblay, Charlotte DeValle, Laura Martel, Louise Betschart;

Earl Ewer Gertrude Gastelum, Luther Hudson, Carl Pierce, John Hanamoto, Joe Hilton, Ernest Marine, Bruno Lopez, Henry Marshall.

Y. L. I. ENJOYS OFFICIAL VISIT

IRVINGTON — The evening of June 11 was enjoyed by a large group who attended the first official visit of St. Jude Y. L. I. Opening ceremonies was conducted by Loudevena Hirsch, chairman for the evening. The meeting was conducted by Anne Rose. Lucille Day was in charge of the programs and Irene Harvey was in charge of refreshments. Grand President Bernice Etcheber was guest of the evening. Other grand officers present were Kathryn Bailey, Marguerite Crane, Mary O'Brien, Florentine Schage, Mary McCarthy, Margaret Gunn and Olive Farp. Father Rose, chaplain to St. Jude gave an inspiring talk. Flossie Lawrence and Marie Pine were initiated into the Organization.

James and Richard Laudenslager accompanied the Future Farmers of Washington High school on a deep sea fishing trip Saturday to Santa Cruz.

ANNIVERSARY PARTY

IRVINTON — Mr. and Mrs. R. G. Laybourne were surprised on Thursday evening when a party of friends and relatives gathered at their home to help them celebrate their thirty-fourth wedding anniversary. Following the opening of many beautiful gifts cards and music were enjoyed by the group with refreshments being served. Mrs. Laybourne returned recently from a visit with her parents in Colorado where she attended a party given in honor of her parents' 60th wedding anniversary.

WEDDING UNITES LOCAL COUPLE AT NEWARK CHURCH

IRVINGTON — Rosemary Sessa of Newark and Gene Ramsell of Irvington were united in marriage during an impressive ceremony held at St. Edward's Church in Newark Saturday afternoon at three o'clock. The bride was attired in a white satin princess-style gown with long train. Her veil was finger tip length with a halo headress, she carried a boquet of gardenias and lily of the valley with an orchid in the center. She was given away in marriage by her father Louis Sessa. Her only attendent, a life long friend from Modesto, wore a peach colored dress of marquisette and lace and carried a colonial boquet of roses.

Gene was attended by Walter Wifli of Irvington. Both the bride and groom are graduates of Washington Union High School. Mrs. Ramsell is the daughter of Mr. and Mrs. Louis Sessa of Newark and Mr. Ramsell is the son of Mr. and Mrs. William Ramsell of Irvington. A reception followed the wedding ceremony at Swiss Park and immediately following, the bride and groom left for a honeymoon in the northern section of the state.

"JOIN THE NAVY" FEATURES ICE FOLLIES PROGRAM

Ice Follies goes to sea with the novelty presentation Join the Navy in the new 1941 edition of the "world's greatest musical revue on ice," now playing nightly at Winterland, in San Francisco.

Combining comedy, spectacular pair skating, and the favorite of four previous editions of Ice Follies, the Swing Waltz, Join the Navy presents a well-rounded production number. Costuming of the more than score of skaters taking part is distinctly novel.

Starred in this episode are America's outstanding pair skaters, Evelyn Chandler and Bruce Mapes. The latter plays the role of a naval recruiting officer with Miss Chandler as his sea-going sweetheart. Together they present nautical novelties.

McKellen Brothers play the part of two-gobs — Brother "Tuffy" as the mildly-abused sailor, and Gil as the bullying shore policeman. This sea-faring setting gives the two well-known Ice Follies performers an opportunity to present a unique routine of spectacular and thrilling acrobatics on skates. New tricks offer feats that have never before been accomplished on a stage, let alone on the slippery surface of an ice rink on 1/8 inch steel blades.

Rounding out and climaxing this nautical episode is the famous Ice Follies "Swing Waltz", with 12 graceful dancing couples gliding swiftly around the ice.

Ruby and Bobby Maxson, the youthful brother and sister team in the Swing Waltz, so captivated Hollywood premiere audiences that Ice Follies' management gave them a special feature spot in the number, permitting them to take a solo encore which has been received by stroms of applause. This is the first time in the four-year history of the Ice Follies that any one couple has been singled out of the Swing Waltz.

Mr. and Mrs. Eugene Boyce and son Melvin, and Mr. and Mrs. Frank Gygax spent Sunday at Larkspur visiting Mr. and Mrs. Vernon Brown. Mr. Brown was former pastor at the Newark Presbyterian Church.

Plans are now being made for the Salt Worker's Union dance to be held Saturday evening, June 28 at the Newark Pavilion.

Mr. and Mrs. Paul Weaver, Lena Calderia and Ida Mendonca spent the weekend visiting at Santa Cruz

Mr. and Mrs. Al Schmidt returned home last week after spending two weeks at Sacramento.

The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary Agricultural Council of California

As Hitler's juggernaut rolls remorselessly onward, seemingly crushing everything before it — with Britain's fate hanging precariously in the balance — the ruthless efficiency of the Nazi war machine is impressive.

Never before in the history of the world has a conqueror struck with such devastating effect; never before have so many nations been beaten down and over-run with such breath-taking rapidity.

There are even some in our own nation, undoubtedly, who are wondering whether democracy is a decadent way of life — and whether totalitarianism can produce more in peace, as it destroys more in war. There are some, probably, who are wondering whether our system of private enterprise—the system which has made America the mightiest, most prosperous nation on the face of the globe—can match the efficiency of this new controlled-economy, where the smallest farm and the greatest factory are both geared to the same drive shaft.

Let's take a look at this Nazi machine; let's examine it closely. For if Britain falls, Hitler will dominate Europe, Asia and Africa—and three-fourths of the world will be pitted against us economically, if not on the battlefield.

What is the magic in this totalitarian system? How does it operate? What does it do for those who live under it? And can the United States of America compete against it? Those are all pertinent questions.

There is no mystery nor magic about it. The totalitarian machine is run by slave-labor. Naturally, it is cheap labor. And as long as the totalitarian power is all-powerful, it is uncomplaining labor. Each individual is just a spoke in the wheel; the wheel goes 'round when the driver steps on the throttle. The spoke that wobbles is cast aside and a new one is put in its place. And who ever heard of a spoke going on strike or putting up an argument?

But slave labor isn't always satisfactory labor, as the Southern States learned long before the Civil War. And after a time, it ceases to be efficient labor. Spokes, after all, are just spokes.

This fact must be borne in mind: Every man, woman and child in Germany, since Hitler came to power, has been part of the war machine. The whole nation has been geared to war. And while France, Britain and the United States went about peaceful pursuits, paying free-wages to freemen and seeking ways to make life better for the individual, Germany girded for war. Germans became spokes in a wheel, fired by the idea that that wheel would some day over-run the world.

The weakness, of course, in the totalitarian system, is that in peace time DICTATORS CAN'T DELIVER. The individual, who has subordinated self to build the all-powerful State, is a starved, emaciated person, robbed of all dignity and even the common necessities of prideful living.

Can totalitarianism compete with our own system of private enterprise? Let's look at the record, as compiled by the National Association of Manufacturers.

In the United States, one hour's wages will buy 7.5 loaves of bread; in Gread Britain, 5.2. In Germany, one hour's wages (for the spoke in the wheel) will buy 2.5 loaves of bread!

In the United States, one hour's wages will buy 1.6 pounds of butter; in Great Britain, 0.8, and in Germany, 0.5!

In the United States, one hour's wages will buy 2.6 pounds of coffee; in Germany (if you can get it!), 0.3!

In the United States, one hour's labor will buy 2.1 pounds of beef; in Germany, 0.9; in the U.S.A., one hour's labor will buy 35.1 pounds of potatoes; in Germany, 20.5 pounds.

Maybe you want a pair of shoes. In the United States, you will work 3 hours and 26 minutes to pay for them; in Germany, you will work more than 8 hours to get them. Or a shirt: In the United States, a shirt represents one hour and 28 minutes of labor; in Germany, it takes 9 hours and 50 minutes!

No American wants to be a spoke in the wheel — not if he's in his right mind. No American wants to goose-step to the command of a dictator. But if America wants to avoid that fate, which has come to millions of liberty-loving people the world over, America must prove that it can PRODUCE. It can't afford work-stoppages; it can't afford to take time out to argue, at least not right now. Free labor, we believe, is better than slave-labor. The time has come to prove it!

FORD STOCK CARS CONTINUE TO WIN THEIR RACES

The Seventh Annual Decoration Day stock car race over the Oakland Speedway again proved Ford speed and stamina when Al Eames piloted a Ford to first place in three hours, 28 minutes and 15 seconds to average 73.45 miles per hour for the 250 laps.

This fact was pointed out this week by local Ford dealers who called attention to the fact that last year's race was also won by a Ford driver, by Frank Phillips who came in this year in second place, only 22 seconds behind the winner.

Out of the first 10 to finish in the race, Ford took first place, second place, fourth place, seventh place and tenh place, again demonstrating in the opinion of local Ford dealers its superiority, stamina and staying power as well as its speed and pickup.

"In every stock car test wherever it be: speedway races, dirt track races, road races in South and Central American countries or other competitive stock car events, Ford proves competition the claims made by owners and dealers for its performance," said Joe Adams, local Ford dealer.

STATE CHAMBER SEEKS LOWERING OF TRADE BARRIERS

DEL MONTE—Erection of trade barriers between states must be fought in California and the practice must be vigorously opposed in other states, James Mussatti, general manager of the California State Chamber of Commerce, warned vintners of the state meeting here Friday for the eighth annual conference of the Wine Industry and Related Interests. The conference held under the auspices of the state chamber was attended by more than two hundred representatives of the industry from all sections of the state.

"Balkanizing" through erection of state trade barriers has adversely affected grape growers and wine producers of California, Mussatti declared. Some fifty separate legal and regulatory barriers have been set up by twenty seven states, inhibiting the interstate movement of wine or fruits for wine making. California, he pointed out, produces approximately ninety percent of the United States supply of wine and fruits for wine making, and therefore California grape growers and wine producers are the chief sufferers from trade barriers.

California wine sales have increased from fifty-five million gallons in 1938 to seventy-six million gallons in 1940, Harry A. Caddow, secretary-manager of the Wine Institute informed the conference. National wine consumption per capita last year was about two and three-fourths quarts, or almost seven tenths of a gallon.

At the conclusion of the conference a resolution was adopted requesting that the State Chamber with the elimination of interstate trade barriers, particularly with respect to excessive taxes and regulations on the sale of California wine in the several states.

JOE JASON AIDS DEFENSE WORK WITH NEW BURNERS

CENTERVILLE — "One BTU of inspiration and nine of perspiration" is the recipe for success advocated by Joe Jason, local inventor and businesssman, who rose from a boy worker of 14 in a nearby stove factory at 75 cents per day, to owner of a manufacturing company and manager of a metal products company here.

He recently secured patents on his invention, a butane burner, capable of passing 3,600,000 BTUs, said to be the largest in existence. These burners are being used in the defense program, to dehydrate vegetables, boil water and 10 units are to be installed in the largest rice dehydrator in the world, now being erected at Knights Landing in this state.

He participated last week in the second annual Pacific Coast Liquified Petroleum Gas exposition held at the Fairmont Hotel in San Francisco. He recently furnished 75 burners and torches for the Mare Island ammunition depot for use in manufacturing shells for the U. S. Navy.

A past president of the Lions club here, he has three daughters, one married, one in high school and one in grammar school.

The Newark Bridge Club will meet tonight (Friday) at the home of Mrs. Fred Muller.

KIMBER WITHDRAWS MONETARY BACKING OF MUSIC GROUP

HAYWARD — With John Kimber, Niles poultryman and past president of the Southern Alameda County Musical association announcing that he had withdrawn his liberal financial support of this group because of lack of community response, the board of governors, of which Kimber remains a member, has decided to hold monthly meetings throughout the summer in order to plan a membership campaign next fall for its support.

It is hoped enough funds can be raised to retain the tallented services of Frank Mancini of Modesto as orchestra conductor next fall. Mr. Marsden Brooks, noted cellist, has been giving instruction since last November to 70 Southern Alameda County scholarship winners. These awards were supposed to have continued for five years.

Mr. Kimber's withdrawal does away with these scholarships and with the services of a full time executive. Mr. Kimber will continue to serve as chairman of the financial committee, according to Mrs. Nellie Gordon, secretary.

NILES CHILDREN ENJOY OUTING AT HAYWARD PLUNGE

A large number of members of the Sunday School classes of the Niles Congregational church enjoyed a day of fun on Wednesday at the Hayward Memorial Park, under the general chairmanship of Mrs. Reginald Calhoun.

The affair was given under the auspices of the Sanford Circle of the church, of which Mrs. Calhoun is president. Cars assembled at the church at 9:15 in the morning, proceeding them to Hayward where swimming in the plunge was enjoyed until noon.

A picnic luncheon was served out of doors and the afternoon was spent in playing games, supervised by Mrs. Fred Duffie.

"OFF THE RECORD" TO BE SHOWN IN OAKLAND TUESDAY

"Off The Record", the smash hit extravaganza of the Alameda County Employees Association, will open at the Oakland Auditorium Theater next Tuesday and Wednesday evenings.

The smart revue, which played to capacity houses two weeks ago at the City Club Theater and to thousands of soldiers at Hamilton Field, is being given for the benefit of the United Service Organization. George Heinz, producer of the extravaganza, has included many new acts in the revue for the benefit performances.

Tickets now are on sale at the Alameda County Court House, U S O headquarters at 1430 Fraklin Street, and the Central Bank in Oakland.

General admission is 50 cents, reserved seats 75 cents and boxes $1. Reservations for either Tuesday or Wednesday evening may be made by telephoning USO headquarters Templebar 5687.

APRICOT GROWERS SET PRICES FOR 1941 COT CROP

After taking an average cross-section of prices suggested by grower ballots the California Apricot Growers Union has set the following canning prices for this year's apricot crop:

12's to the lb. and better, $67.60 per ton.

14's to the lb. and better, $60.00 per ton.

16's to the lb. and better, $50.00 per ton.

Orchard run $60.00 F.O.B. Ranch

South San Joaquin price schedule adopted is as follows:

12's to the lb. and better, $57.50 per ton.

14's to the lb. and better, $50.00 per ton.

16's to the lb. and better, $40.00 per ton.

Orchard run $45.00 F.O.B. Ranch

The Directors felt that in the face of continual rising price for supplies and the rising cost of producing and harvesting they felt that the growers were justified in naming the above prices.

COUNTY FAIR DIRECTORS DINE AT OLD ADOBE

Directors and guests of the Alameda County Fair board, with President Sam J. Whiting presiding, enjoyed an al fresco dinner Monday evening in the Old Adobe guest house on the California Nursery company's grounds.

At the business meeting following the dinner Whiting outlined plans for this year's fair which opens July 3 and closes on July 12. It is planned to be the largest county fair in point of exhibits, with the largest race meeting yet held this year.

A July 4 program of horse racing will include the famous "Fats" Waller and his 16 piece band followed by a gigantic fireworks display that evening.

This will be the first county fair to utilize such ultra-modern horse racing facilities as a totalisator board, the Puett electrical starting gate and the photo-finish camera, Whiting pointed out. More than $10,000 is being offered for livestock and other exhibits, and purses totalling $26,000 have been put up for the horse racing events.

Leads All-American Youth Symphony

LEOPOLD STOKOWSKI

THE ALL-AMERICAN YOUTH ORCHESTRA, 100-piece symphony of "musical ambassadors" directed by internationally-famed Leopold Stokowski, will give concerts in three California cities during June, it was announced this week by Robert Wayne Burns, California NYA administrator. The 100 young artists will be heard in Sacramento Thursday evening, June 26; in San Francisco Friday evening, June 27; and on Sunday afternoon, June 29, at 3 p.m. will climax a triumphal nationwide tour with a concert in the Pasadena Rose Bowl.

MISSION GRADUATES

The Mission Grammar School held their graduation exercises at Washington Union High School last Friday evening, with a very nice little play called "Mulligans Magic" presented under the direction of Mrs. Floyd Dickerson, teacher of the lower grades. About forty pupils of the school from the first grade to the seventh took part Reverend Hugh Ryan spoke a few minutes and gave the benediction after the exercises. Those who recieved their diplomas were Rose Marie Telles, Velma Telles, June and Langdon Garfield, Billie Lee Huntley, Herbert Santos, Leonard Ferriera, George Fugundes, Hugh McIvor, Julian Mora, Danny Silva and Alfred Rogers.

THERE'S LOTS OF GOOD NEWS IN THE NEWS!

Returning to civilization after two days spent in the high country, a lot of good news pops one in the eye.

FDR has frozen the assets in this country of all European belligerents. Thus we will no longer pay Germany $10,000,000 per year in cash for certain patent royalties having to do with a steel alloy process. Germany has long since taken over American industrial concerns in Germany and has been operating them with German staffs. There aren't any Americans there to run the American concerns, anyway.

For the second time in the sinking of a ship containing American passengers, first the Zamzam, then the Robin Moor, the American survivors turn up safe and sound. The 35 missing Americans, including three women and a two year old boy were reported at Cape Town, Africa, Monday morning. So the president will ask for indemnity for the first American ship sunk, and demand guarantees there will be no more sinking of American ships plying peaceful waters outside of combat zones.

The North American Airplane factory at Englewood taken over last week by the army, is functioning at par and the troops will soon be withdrawn. Thus doth a little force pay royal dividends. The government will continue to run this country, and NOT the unions.

Pacific Northwest sawmills starting buzzing again, after a seven weeks' strike.

Best news of all is that FDR has ordered the closing up of two propaganda pestholes: the German Library of Information, (should be called, Library of MISinformation) in New York City, and the Inter-Ocean News service, whence have issued all sorts of pamphlets relating the "sweetness and light" which the nazis are spreading (at bayonet points) in Poland, Czecho-Slovakia and elsewhere. The stuff gives you a pain just to look at it.

How long would an American propaganda bureau be allowed to function in Berlin? ?

* * * *

Some 500 American bombers and other planes have been safely delivered in Egypt. The British have another 500 planes there. Out-numbered only 3 to 1 the British feel they now have parity! Meaning our and their planes are so superior to the nazis' the British will be able to hold their own in the forthcoming battle of Egypt and the Suez.

There is trouble brewing on the Russian frontier in the Baltic, and something will pop loose there soon.

The Dutch East Indies still resist Japanese demands for first crack at their rubber, tin and oil. The Batavians say, if we are going to have war, come ahead and make it now. Stout fella's. The Japanese are getting no place fast. Chiang Kai Schek says there will be no peace short of victory.

A foreign correspondent cables this country extracts from native newspapers still published in half a dozen suppressed countries. They all carry the same tenor of complaint that the native peoples, Dutch Belgian, Norweigan, unoccupied French, etc., do not, cannot, and will not become good National Socialists. They all look to mighty England to win her war and liberate them, and only endure the nazi shackles like a horse with a burr under his saddle blanket.

All of which makes good reading on this side of the ocean, and proves that aggression by force cannot conquer the spirit and the WILL to resist.

These are stirring days in which to be alive.

Associated Employees Get Defense Stamps

The largest wholesale purchase of U.S. Defense Postal Savings Stamps to date took place in New York City when WILLIAM F. HUMPHREY (Center), President of Tide Water Associated Oil Company, handed the company's check to Postmaster ALBERT M. GOLDMAN in exchange for 10,019 one dollar stamps as B. I. GRAVES, vice-president of the company in New York looked on approvingly. Distribution of a Postal Savings Stamp Album with the first one dollar stamp paid for and affixed thereto is being made to each Associated employee from coast to coast as the first step in a program designed to aid the National Defense Program.

YOUNG PEOPLE STEP FORTH INTO LIFE

The 50th commencement exercises held Thursday evening of last week, out-of-doors on the football field at Washington Union High School were novel and impressive. Some 3,000 persons filled both grandstands and long rows of chairs placed on the ball field, to see episode after episode of the school's history enacted before them.

Search lights picked out the several groups, between interludes of total darkness as Speech Instructor Harold Smith delivered an historical account over a loud-speaking system.

The 142 graduates, the girls capped and gowned in white and the boys in black, seated in a lighted section on the field, made one think of all the other boys and girls graduating in similar exercises all over the nation. These youngsters represent our hope of the future, for in them is vested the responsibility of carrying on The American Way of Life, which just at this time is being challenged in order to be strengthened.

Hats off to our sons and daughters, — the fathers and mothers of future Americans and America's future! —W.W.

IN PRAISE OF JUNE

San Leandro News

It a vote were taken as to which is the most popular month of the year, June would be winner. James Russell Lowell, in a constantly quoted verse, asked:

"And what is so rare as a day in June?
Then if ever come perfect days.
Then heaven tries earth if it be in tune,
And over it softly her warm ear lays."

Nature smiles on the world with her warmest affection in June. The frosts of winter, which crippled so many lands with a paralyzing hand, have all passed away. Spring has filled our hearts with loveliness and hope. Yet even in spring, Nature sometimes turns sour, and acts as if uncertain whether to give us any summer or not.

When June comes, all clouds of doubt are gone. The gardens are in full bloom, pouring out their warm color into the symphony of light and cheer. The birds are singing at the tops of their voices, saying that the ecstasy of life and love is beyond their powers of control.

The farmer goes forth to his fields with a determined heart, hoping that this year the fates of sun and rain will be good to him. The playgrounds are full of merry young people in their bright clothes, playing their games with all the vigor and happiness of youth.

The people are getting ready for their vacations, and many are already bowling over the roads to new and wonderful scenes. The schools are about to pour into the stream of life a new army of young people, We can thank goodness that their chance for finding work are greatly improved.

June is the month of supreme joy for lovers, when the greatest number of marriages take place. That is a separate story. Earth and humanity rejoice together in June, and salute with a cheer the "good old summer time."

IRVINGTON PHOTOGRAPHER SECURES COLOR FILMS OF EUROPEAN CITIES

It was only a few months ago in the latter part of 1939 and just before a state of war between England and Germany was declared by Neville Chamberlain, that Lenore Graves who specializes in glamour girl photography from her art gift and photo studios at Irvington, sailed for her nineteenth Atlantic crossing on the Italian Liner Vulcania.

Out of the late summer heat of New York the liner docked at Ponta Delgada, principal city on the Island of Sao Miguel in the Azores group, mid Atlantic lands destined to play an important part in modern day international disputes, because of their great stragetic value as naval and airplane bases. There Miss Graves took 8 mm. color films of the beautiful surroundings, the quaint citys streets with high garden walls covered with masses of roses, the rolling hills and the vast acreage of a glass covered pineapple plantation.

The kindliness of the Island's people in general all left souvenirs of valued worth in the rich colored film so beautifully processed by the Eastman Kodak Company in the Place Vendome, Paris.

The Vulcania stopped at Vigo, Spain, then south into the great port of Lisbon, Portugal. One has only to see the colored replacement of the modern section of this mganificient city in order to appreciate the great work in modernization that has been done. Suffice to say that streamlined apartment buildings are in abundance and no world center, not even Paris in all her glory can surpass the beauty of this great city's beautiful setting. A city, now the last European connection between America and the old world.

At Gibraltar, Miss Graves again employed her color film and again in Algeria and Palermo, Sicily. But it was not until Naples, Italy that she had used her last roll of 8 mm. color. To her dismay, Naples was without color film but she was able to get black and white which in reality lent tone to the magnificence of this Italian port. Patras, Greece was done in black and white but there she secured several rolls of color film which served her well in the beautiful Channel of Corfu in Albania as well as at Ragussa in Yugoslavia.

At Venice the canals are done in black and white and in color, as is also the ancient City of Rome where the art of a thousand years ago competes in magnificence with the modern work done under Benito Mussolini.

Leaving her home at Nice, France, Miss Graves returned to America just as war was declared and is happy to be back in America. Should one say more, particularly in the quiet peace of old Irvington, from where it is only a step into the more populated cities of Centerville, Niles, San Jose and Hayward.

PERSONALLY SPEAKING

By: Your Editor.

ADJUTMENT — Independent slaughterers and growers of livestock feel themselves the victims of monopolistic control of livestock and meat marketing, according to Senator Jack Metzger, chair man of a congressional stockyards investigating committee.

It sems that big packers like Swift catch the independent slaughterer both going and coming. to correct which situation a bill has been introduced in congress to amend certain sections of the Stockyards Act of 1921, which gave the advantage to the big fellows.

The oil men have their troubles too. The public hearing held in San Francisco last week when half a cent reduction of retail prices of gasoline was ordered by two youth ful representatives of Leon Henderson, nearly broke the hearts of the experienced businessmen present. The young officials had their orders before they came west, and the testimony produced by responsible oil men during the hearing received no attention.

This has all happened before. Panty-Waist Ickes came to the San Joaquin Valley in 1938 to hear protests against creating the new and expensive Kings Canyon National park in Fresno County. Seventy-two Valley organizations were present to object to the proposed park.

When any of the objectors got to their feet, he immediately rapped out of order. Those who licked the Hand from Washington were given all the time they wanted in which to testify. Valley newspapermen hung their heads in shame at such an unAmerican exhibition.

Anyway, they have their park now, because Washington ordered it; and the people who patronize it still dont want this primitive area made into a national park like Yosemite. It had been satisfactorily administered for 30 years by the national FOREST service.

So what? So 1941 America is a country of bureaucrats, run by the bureaucrats, for the bureaucrats and their job-hunting friends.

And there is nothing We, The People can do about it until the "emergency", which arrived with FDR on March 4, 1933, passes into limbo. And when will that be? Your guess is as good as mine.

—ww—

SHORT — And where is Hitler's anticipated luftblitz on Cyprus? It was expected immediately to follow the taking of Crete sveral weeks ago. Is it possible Adolph is feeling the pinch of oil and aviation gas shortgages? ? Meanwhile there have been no heavy night bombings of England for some weeks past.

The nazis are spreading out farther and farther, thinner and thinner, and there is always the problem of maintenance and supply.

All does not seem so good for the nazis on the eastern front.

—ww—

GOODY — FDR must read the editorials in the Township Register! More than a month ago these columns proposed closing nazi consular offices, that we might rid our country of the nazi spies and propagandists, while losing only doctored-up reports issued to our diplomats in Germany.

Now the President has acted, though with the velvet glove of modern day diplomacy. All German consular offices and staffs must leave the U. S. by July 10, (including that arch-enemy, Wiedermann in San Francisco), EXCEPT the ambassadorial office in Washington!

Thus we clean house of unwanted vermin, without breaking off diplomatic relations, which is an act of war!

Our President is just as cute in handling troublous problems today, for he patterns his actions (while holding his nose) on the nefarious practices originated by the Japanese who started the fashion of making war without declaring it, when they first made their unwarranted invasion of China.

We live and learn, always hoping for the return of the days when nations observe the inviolability of treaties and the sanctity of international borders.

Kaiser Bill, now dead, has the doubtful honor of being the first to refer to international treaties as "scraps of paper". One wonders what his punishment will be, now that he faces the Judgement Seat of God?

—ww—

HAPPY — Schools are closing, happy, smiling graduates, vacations, sunburns, romance, job hunting, next year planning; all an integral and important part of our way of life. Encourage these young people, for in their eager earnest faces is reflected the brilliant future of our country. — Rotary Pinion.

—ww—

"SEE?" — Dya notice how often the word "contact" is used? Two decades ago the word came into popular use as a pilot turned on his switch and his mechanic twisted the propellor.

Now-a-days, you dont "call" on a man or "see" a man, you "contact" him . . . So customs in the use of words change along with changes of style in dress and manners.

Properly, "contact" is an electrical term. So, when you "contact" a man, look out for the sparks!

MAYOCK SERVES AS CHEF AT MOUNTAIN BARBECUE

The art of "drinking rather than drunking" was exemplified by R. S. Mayock, owner of the Los Amigos Winery at Irvington, who functioned as head chef at a barbecue given to wine people at Long Bridge in the Santa Cruz mountains last week.

As president of the Sauternes club he entertained representatives of the Wine and Food Society of San Francisco, the Medical Friends of Wine, the Wine Institute and the Wine Advisory Board.

Mayock's menu included four meat courses, the meat having hung since March. He prepared skewered beef, barbecued tripe, liver and bacon brochettes and Salinas Salsa, properly accompanied by appropriate wine courses.

"Keep your guests eating rather than watching" is his recipe for satisfied barbecue dinners. William Mathewson of San Jose acted as assistant chef, with Arthur Carmichael of San Jose serving as toastmaster for the group.

P. G. & E. OFFERS NEW ISSUE OF PREFERRED STOCK

The Pacific Gas and Electric Company has filed with the California Railroad Commission an application for authority to issue and sell at not less than its par value, 400,000 shares, amounting to $10,000,000 par value of its 5 per cent First Preferred Stock.

The new shares will be of $25 par value each, as are all of the Company's shares, both preferred and common, and will be identical in all respects, except as to the dividend rate, with the 6 per cent and 5½ per cent first preferred stock already outstanding. Adhering to its long established policy, the Company expects to offer this stock for sale direct to the public, including particularly its customers and employees.

Since its initiation of the "customer-ownership" plan in 1914, the Company has effected the direct sale, without underwriting, of approximately $76,000,000 par value of its preferred stock. The last offering of this kind was made early in 1932, when an issue of $5,000,000 par value of 6 per cent First Preferred Stock was sold within a period of six weeks, more than 7,000 individual subscriptions being received.

At the close of 1940 there were outstanding with the public 4,197,662 shares of 6 per cent and 1,173,163 shares of 5½ per cent first preferred stock with a total par value of $134,270,625. Ownership of these shares was vested in about 59,000 stockholders, of whom approximately 48,000 or 80 per cent were California residents. In addition, 6,261,357 shares of common stock, aggregating $156,533,925 par value, were outstanding in the names of 37,000 stockholders, including more than 21,000 residents of this State.

It is planned to offer not less than 320,000 shares of the new 5 per cent preferred stock for sale to the public. Current market quotations on the Company's outstanding preferred stocks indicate a price of around $27 per share for the new issue, but the exact price can not be announced until the time of the initial offering.

The Company expects to reserve a limited number of shares for sale to its employees at not less than par. Directors, officers and heads of principal departments can not participate in the employees' offering.

The proceeds from the sale of this stock will be used to supplement the present cash balance in order to provide additional funds for the Company's large construction program and for the retirement at maturity on December 1, 1941, of an outstanding issue of approximately $20,000,000 par value of its First and Refunding Mortgage Series "B" 6 per cent Bonds.

COUNTY GOVERNMENT COSTS RISE NEARLY HALF IN DECADE

SACRAMENTO — City and county government costs have increased 45.35 per cent in the last ten years, State Controller Harry B. Riley announced in Sacramento today.

In his 1940 report on financial transactions of cities and counties, Riley revealed that county government costs rose 41.52 per cent between 1930 and 1940, while city expenses jumped 53.96 per cent.

County government cost $260,772,066 in 1930; last year it totaled $369,036,799, an increase of $108,264,733. City expenses in the same period mounted from $116,147,545 to $178,821,655, an increase of $62,674,110.

A breakdown of combined county costs in 1940 show that education accounts for 44.01 per cent; charities and corrections, 27.19 per cent; debt interest and redemption, 8.06 per cent; general government, 6.22 per cent; highways and bridges, 5.59 per cent; protection to person and property, 5.54 per cent; health, sanitation, recreation and miscellaneous, 3.39 per cent.

VACATION BIBLE SCHOOL OPENS IN CENTERVILLE

CENTERVILLE — Vacation Church School for boys and girls over four years old opened in Centerville Thursday at 9:00 a.m. This school is operated cooperatively by the Niles Congregational, the Centerville Presbyterian, St. James Episcopal, Alvarado Presbyterian, and Newark Presbyterian Churches. It will continue daily except Saturday and Sunday until Wednesday July 2, with a program of songs, craft work, games and Bible lessons. Children of every denomination are invited. There will be no charge made, but an offering will be taken once each week to defray expenses.

Children in the fourth grade and younger meet in St. James Episcopal Church, and older children meet in the Centerville Presbyterian Church. Transportation is provided from churches outside of Centerville, cars leaving from each church at 8:45.

This is the first year that a Vacation school has been as fully cooperative as this. It is an attempt to bring Christian training to all boys and girls regardless of denomination on a cooperative basis. Mrs. J. L. Webster is in charge of Beginners. Mrs. Franklin Brown and Mrs. R. O. Grace supervise the Primary age. Mrs. Gilbert Smith, Mr. and Mrs. Henry B. Adams work with the Juniors, and Mrs. Fred Duffie is in charge of the Intermediate age.

It is hoped that this school will meet a need in the Township. It is non-sectarian, and offers a valuable program as well as an interesting one.

Arthur Cotton, local contractor has started another new home on Locust street.

CHARGES FILED AGAINST DECOTAN

HAYWARD — Walter Gamman, manager of the state employment office here, last week filed charges against Daniel Lugo, 28 of Decoto, an employee of a nursery near Niles, who allegedly accepted unemployment relief checks on April 19, 26 and May 10, while he is said to have been gainfully employed.

The charge is petty theft under the California unemployment reserves act and conviction carries a six months jail sentence, a fine of $500, or both.

MISS INGLISS LEAVING NILES AFTER 20 YEARS

Miss Louise Ingliss, a member of the faculty at Niles Grammar school for the past 20 years, has tendered her resignation and plans to live in her home at Lockeford, San Joaquin county. A teacher in the fourth grade she has been active in local Parent-Teacher activities, and as chairman of the cafeteria committee for many years,

She has also been active for many years in the Niles Congregational church and has made a host of friends who regret her leaving the community. Her successor has not been selected as yet.

Mrs. Chester Gunn formerly of Alvarado, who moved to Arden street recently in Newark entertained a group of fourteen people at a bridge party Saturday evening.

HAYWARD BUREAU FINDS POSITIONS FOR GRADUATES

HAYWARD — With the peak of the busy season still three months away, a record number of jobs were filled in the month of May, according to Walter Gamman, manager of the Hayward office of the State Department of Employment at 963 C street.

Gamman reported 210 Southern Alameda County workers found jobs in May through the Department's Hayward office. This number is 24 per cent greater than the number placed in the previous month when 168 men and women found jobs and is fourteen per cent greater than the number placed in May, 1940, when 185 jobs were filled.

A number of young men and women just out of school also found jobs, locally and throughout the bay district. The local office keeps in close contact with the employment situation in the metropolitan area Gamman said, and there is a lively demand for alert youngsters without previous experience but with good school background.

While the defense program accounted for a sizable number of the jobs filled during May, it's relation to the total number is not as great as might be supposed, Gamman said. Expanding business in Hayward and other business communities was by far the greatest factor in the trend toward increased employment.

BOARD TO MEET AND ORGANIZE CREDIT BUREAU

CENTERVILLE — The new board of directors of eight men to conduct the proposed Washington Township Credit Bureau are meeting at the Central Chevrolet garage here tonight (Friday) to elect a permanent chairman and lay plans to start the bureau going.

This action follows a public meeting held Monday night at the high school when 30 merchants were present of the 75 businessmen from the eight communities who had already signed up their willingness to support such a bureau. — There are 185 retail business and professional men so far contacted in the eight communities which comprise Washington Township.

The permanent board of directors, one from each town, follows: John Calcagno, Centerville; Dr. T. C. Wilson, Niles; A. J. Cadero, Alvarado; T. E. Amaral, Decoto; R. Cozzi, Newark; Joseph Brown, Warm Spring; Tom Cunha, Mission San Jose and Vernon Leal, Irvington.

It was voted to make the charter membership fee $5 per merchant. Several applications are now on file from outside men desiring to manage the bureau, as well as an application from a local lady to maintain the office work.

VACATION TRIP EAST

CENTERVILLE — Miss Grace Knoles, dean of curriculum at Washington High school leaves Friday for an extensive vacation in the southern and eastern parts of the United States and in Canada She is going by train to Detroit with friends, where she picks up a new car and drives to Toronto to begin her tour of the eastern seaboard, then the national parks en route home.

Tony Martin and daughter Jacquelyn participated in the Livermore Rodeo parade Saturday. Mr. Martin rode his horse "Charlie" and Miss Martin rode her horse "Pepper".

TEACHERS' NEW POSTS

CENTERVILLE — Two teachers who have resigned from the faculty at Washington Union High school have secured positions elsewhere. Miss Jean Wilson, former English teacher has been appointed longterm substitute at the Sacramento Senior High school and Miss Gloria Griffin, former physicl education teacher here has accepted a position at Piedmont High school.

Register's Foreman Leaves For Duty With U. S. Navy

Gilbert Wright, who has been mechanical foreman at The Township Register for the past year and a half will sever his pleasant relations Saturday, when he leaves for his first vacation in four years.

On July 1 he will take the oath of enlistment in the United States Navy at San Francisco, whence he will go to the San Diego Naval Training school for eight weeks basic training. After that he plans to try out for meteoroligcal school or as a naval aviation mechanic.

A native of Oakland, aged 26, he graduated from University High school in 1935. The winter of 1939-40 he enjoyed as a linotype operator on a world cruise liner which took him as far as Melbourne, Australia.

His friends' best wishes follow "Sailor" Wright into his enlistment during the period of emergency with the United States Navy

JUNIOR CHAMBER MEMBERS ENJOY BARBECUE SUPPER

SAN JOSE — Sixty members and friends of the Niles Junior Chamber of Commerce enjoyed a barbecued dinner Monday evening in the al fresco yard of the Pacific Brewing and Malting company's big plant in East San Jose.

A professional chef barbecued big slabs of beef-steak, which, with a French salad and copious helpings of beans, and French bread toasted in butter and garlic, provided an ample repast.

President Ed Enos and Treasurer Ed Jausch looked "cute" in white chef's aprons and dispensed the eats. Officers and visitors expressed words of greeting over a loudspeaker system and the fun came to a close about 9:30 in the evening.

MANY SOCIAL EVENTS PRECEDE PLAY TONIGHT

Many social events continue to precede the Washington Township Community Player's showing of The Famous Mrs. Fair, which goes "on the boards" tonight (Friday) at 8:15 o'clock in the Washington High school auditorium.

The cast enjoyed a moonlight swimming party at Kilkare Woods a week ago Wednesday. On Friday, June 13 Mrs. Ruth Jones entertained the players at the home of her sister, Mrs. Arnold Nash in Centerville. Mrs. Nora Rogers gave a dinner for the players on Tuesday evening.

Prior to the play tonight Mr. and Mrs. Wesley Dexter Gordon, (Mrs. Gordon is a sister-in-law of Russell Ross, a member of the cast) is giving a dinner party in Hayward, and after the play Mrs. Roland Bendel is having a dozen guests from out-of-town for a late supper at her home.

Others having dinners at their homes before coming on to the play include Mr. and Mrs. J. R. Sutton, Mr. and Mrs. E. A. Ellsworth, and Reverend and Mrs. Arnold Nash.

Playgoers are expected in Centerville tonight from San Francisco, Oakland, Berkeley, Hayward and Contra Costa county points.

Patrons are urged to be in their seats before the rising of the curtain at 8:15 o'clock.

Donald Dias of the United States Army at Camp Roberts visited his parents, Mr. and Mrs. Joe Dias in Newark over the weekend. Dias states that he will be transferred next week either to San Luis Obispo or to the State of Washington.
